

UTAH BOYS' CAMRADES

Proposed Demonstration in Honor of Pennsylvania Troops.

FOUGHT WITH UTAH MEN

MAY REMAIN ONE DAY IN SALT LAKE.

Progress of Preparations for Reception of Utah Volunteers—Working Night and Day on the Arch—Mercur's Fair Sex Will Be Represented—More Contributions.

The reception to the returning battery boys is not the only chance that Utah will have to entertain the heroes of the Philippine war. The Pennsylvania volunteers, who fought side by side with the Utah boys, are on their way home from Manila and a movement is on foot to have them stay over a day in Zion and be entertained as only Salt Lake people know how to entertain.

C. R. Savage, chairman of the committee on medals for the Utah boys, spoke enthusiastically in favor of the movement yesterday. "It's a beautiful thing," said he, "and there is no reason it should not be carried out. There need be no great expense entailed, nor anything elaborate planned. We will welcome them hospitably and make them feel at home. There will be time for more than any gaudy display. We could take them to Saltair, give them a dip in the lake and a nice luncheon in the afternoon. They are our friends, our friends of ours, being friends of our boys."

As the muster-out of the Pennsylvania does not occur until after that the Utah boys will be here to take the celebration here to take the matter up and accomplish something. It is expected that some definite steps toward that end will be taken in a few days.

Work on the Arch.

Work upon the mammoth arch is being pushed and the committee expects that by Monday noon the carpenter work will be finished. The huge truss which support the structure are being put in position and the men are putting in twenty-four hours a day to advantage upon the other details. James S. Anderson and an efficient corps of assistants are painting the coating of the trussing and the arch for decorating the arch are being planned.

There have been objections to spending so much money on an arch, but Chairman Barnes yesterday said: "It is worth the cost if only for the lesson of patriotism that will be taught the children. We desire also that every home in the city be decorated and that bunting. It will help things along wonderfully."
